

Hladky Stadium Covid Protocol

- Players and coaches must be healthy to be at the ballpark; players health will be monitored by coaches. It is incumbent upon each of us to practice good hygiene before, at, and after ballgames.
- Each team is considered a group; each team must stay in its own area or side of the field
- Hand sanitizer will be provided in each dugout
- Teams must maintain 6 feet of separation when possible
- Players must bring their own water, we will not be providing team water jugs. This is to prevent players from sharing cups. No sunflower seeds.
- Teams are required to clean equipment after each game.
- Baseball dugouts are a “confined space” so an entire team cannot be in a dugout at once. Only 25 players at any one time on field, including players, coaches, and umpires
- Reserve players will sit outside the fence in the zone labeled “Players Only”. Players must sit 6 feet apart at all times.
- Teams using 3rd Base dugout will enter using the West entrance (Aquatic Center parking lot) through the tunnel
- Teams using 1st Base dugout will enter using Players entrance on South side of field.
- Teams will not enter until the previous teams have completely left the complex
- Teams will be notified by tournament director when previous game is close to over, again when game is over, and finally when it is safe to enter the ballpark.
- Fans will leave the ballpark after each game, prior to the teams leaving the field. This allows our staff to clean the bathrooms, stands, dugouts, etc. Fans must not wait outside dugouts to talk to players until they are outside of the stadium
- Each player/coach will be hand sanitizer as they enter the stadium by the gates
- Each player will be hand sanitizer as they leave the dugouts after games by their coaches. (We will provide the hand sanitizer)
- Warmup procedure- When you arrive for your game, you will be given time to warm up pitcher and then play ball. You may have only 20-30 minutes to warm up. Pre-game infield/outfield will only be allowed for your first game of the tournament.
- Entire teams cannot warmup on field before the game, just your starters so we avoid more than 25 on field.

Warmup/Practice Areas

BiCentennial Park (300 W Warlow Drive) has 2 fields for pre-game warmups, as well as batting cages. We have been granted permission to use the fields for this week. They did say they might have Babe Ruth teams practicing after 5 pm and in that case to work around them. ***The Babe Ruth teams do have first priority to these fields.***

When at the stadium... If you are parking on the West side of the stadium, you can use the large grass area to stretch and begin throwing. If you use the Players entrance South side of the field, you can stretch on our Practice Field.
